

OUR OBJECTIVES

Improve and enhance the **opportunities for employment, self-support and a safe and independent everyday life** within the framework of an equal citizenship among **immigrant women in Europe**.

WHY NAME

We work together to reach our common goals in synergy with immigrant women who want to create their own independent life and with professionals and employees who wish to discover more on the great opportunities to be opened to new cultures.

“There are two powers in the world; one is the sword and the other is the pen. There is a third power stronger than both, that of women.”

Malala Yousafzai

Are you a woman who wishes to learn more about the **job market**?

Do you want to improve your **job-related skills**?

Are you a **professional** and want to join our **network of stakeholders**?

OUR ACTIVITIES

- Increase **data collection and knowledge** around the educational profiles, employment and living conditions of **long-term unemployed immigrant women in Europe**;
- Develop a **Jobpackage** based on job-related language learning, training of basic competences, health and well-being recovery methods;
- Implement an **assessment tool to monitor and evaluate the improvements** in the women’s labour-oriented skills and development;
- Establish cross-sectoral **Jobpackage Councils** to build a sustainable contact with labour-market and healthcare authorities.

THE JOBPACKAGE

The Jobpackage is a **programme for the upgrading and qualifying training activities that each of the women is going to perform**. The package concept is a comprehensive plan composed by various learning elements useful to help immigrant women to **enhance their already existing competences** and to **learn new ones** beneficial when looking for a new or more qualified job.

The Jobpackage will include the creation of cross-sectoral Jobpackage Councils where the Council members from an equal platform act as an advisory and facilitating board and are able and ready to provide their services and an assessment tool to conduct a proper and long-term analysis of the effects of the jobpackage activities.

WHO ARE WE?

We are six European organisations from Denmark, Lithuania, Italy, Spain and Cyprus, but with the same goal!
